

1. Shut off power before installation.
2. Fix the mounting strap to ceiling.
3. Tuck wires into metal ring and attach light arms to metal ring with screws and cap nuts.
4. Connect wires to wires matching the color. Then, connect main wire with wire connectors to wire bundles in the same color.
5. Attach U bracket to metal ring and tighten with ball finial. Then, connect hanging stems to metal ring and to the top central body.
6. Feed main wire through chain connectors, chain, and canopy. Screw the bottom chain connector to the top central body and the top chain connector to the canopy.
7. Connect main wire with wire connectors to the corresponding wires in ceiling.
8. Attach canopy to mounting strap fixing with lock nut.
9. Install sleeves and light bulbs (not included with the light fixture).
10. Turn on the power and test.
