Dressing Table Set Installation

INSTALLATION MANUAL Tools You Will Need:

Adjustable wrench

Hexagon wrench

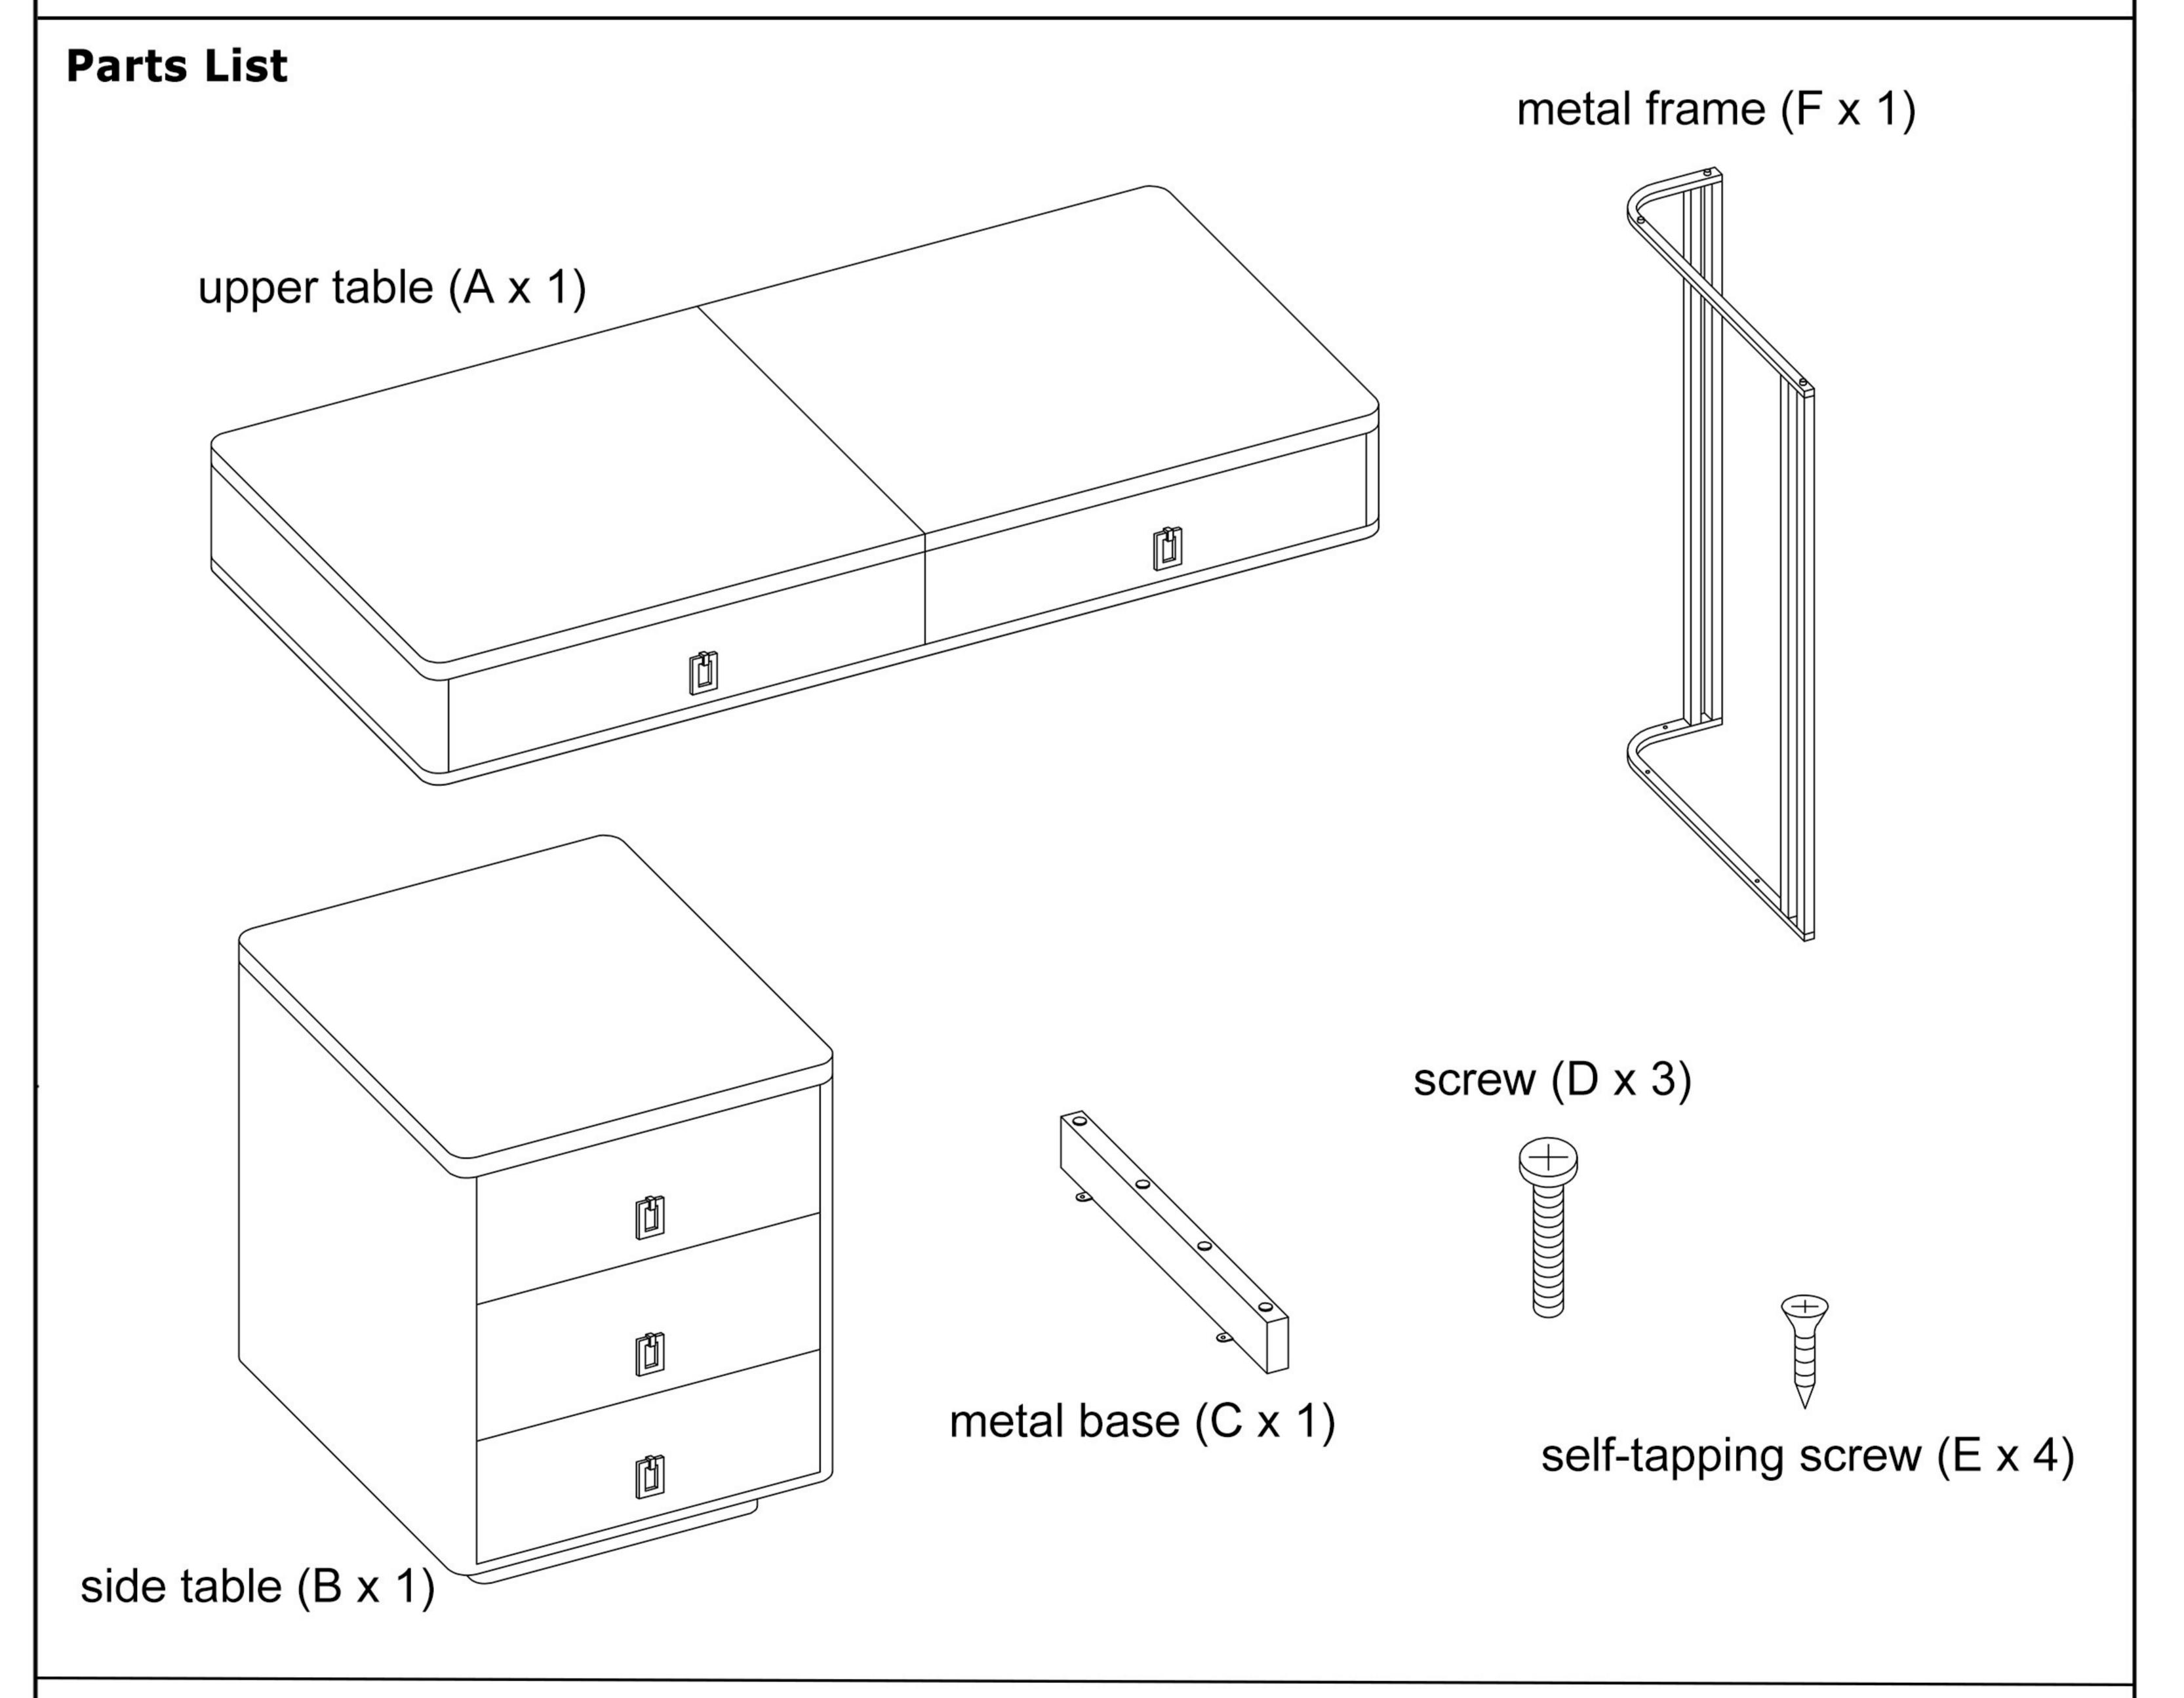

Philips Screwdriver

Before the Installation

- 1. Do not throw away packing materials until assembly is complete for small parts may come loose inside the carton during shipment. If parts are missing, please contact us.
- 2. Assemble this item on a soft surface, such as carpet to protect the finish.
- 3. Proper assembly of this item requires 2 people.
- 4. Periodically check to ensure that all connections are tight.
- 7. It is recommended that installation of the product be done by a qualified licensed plumber.

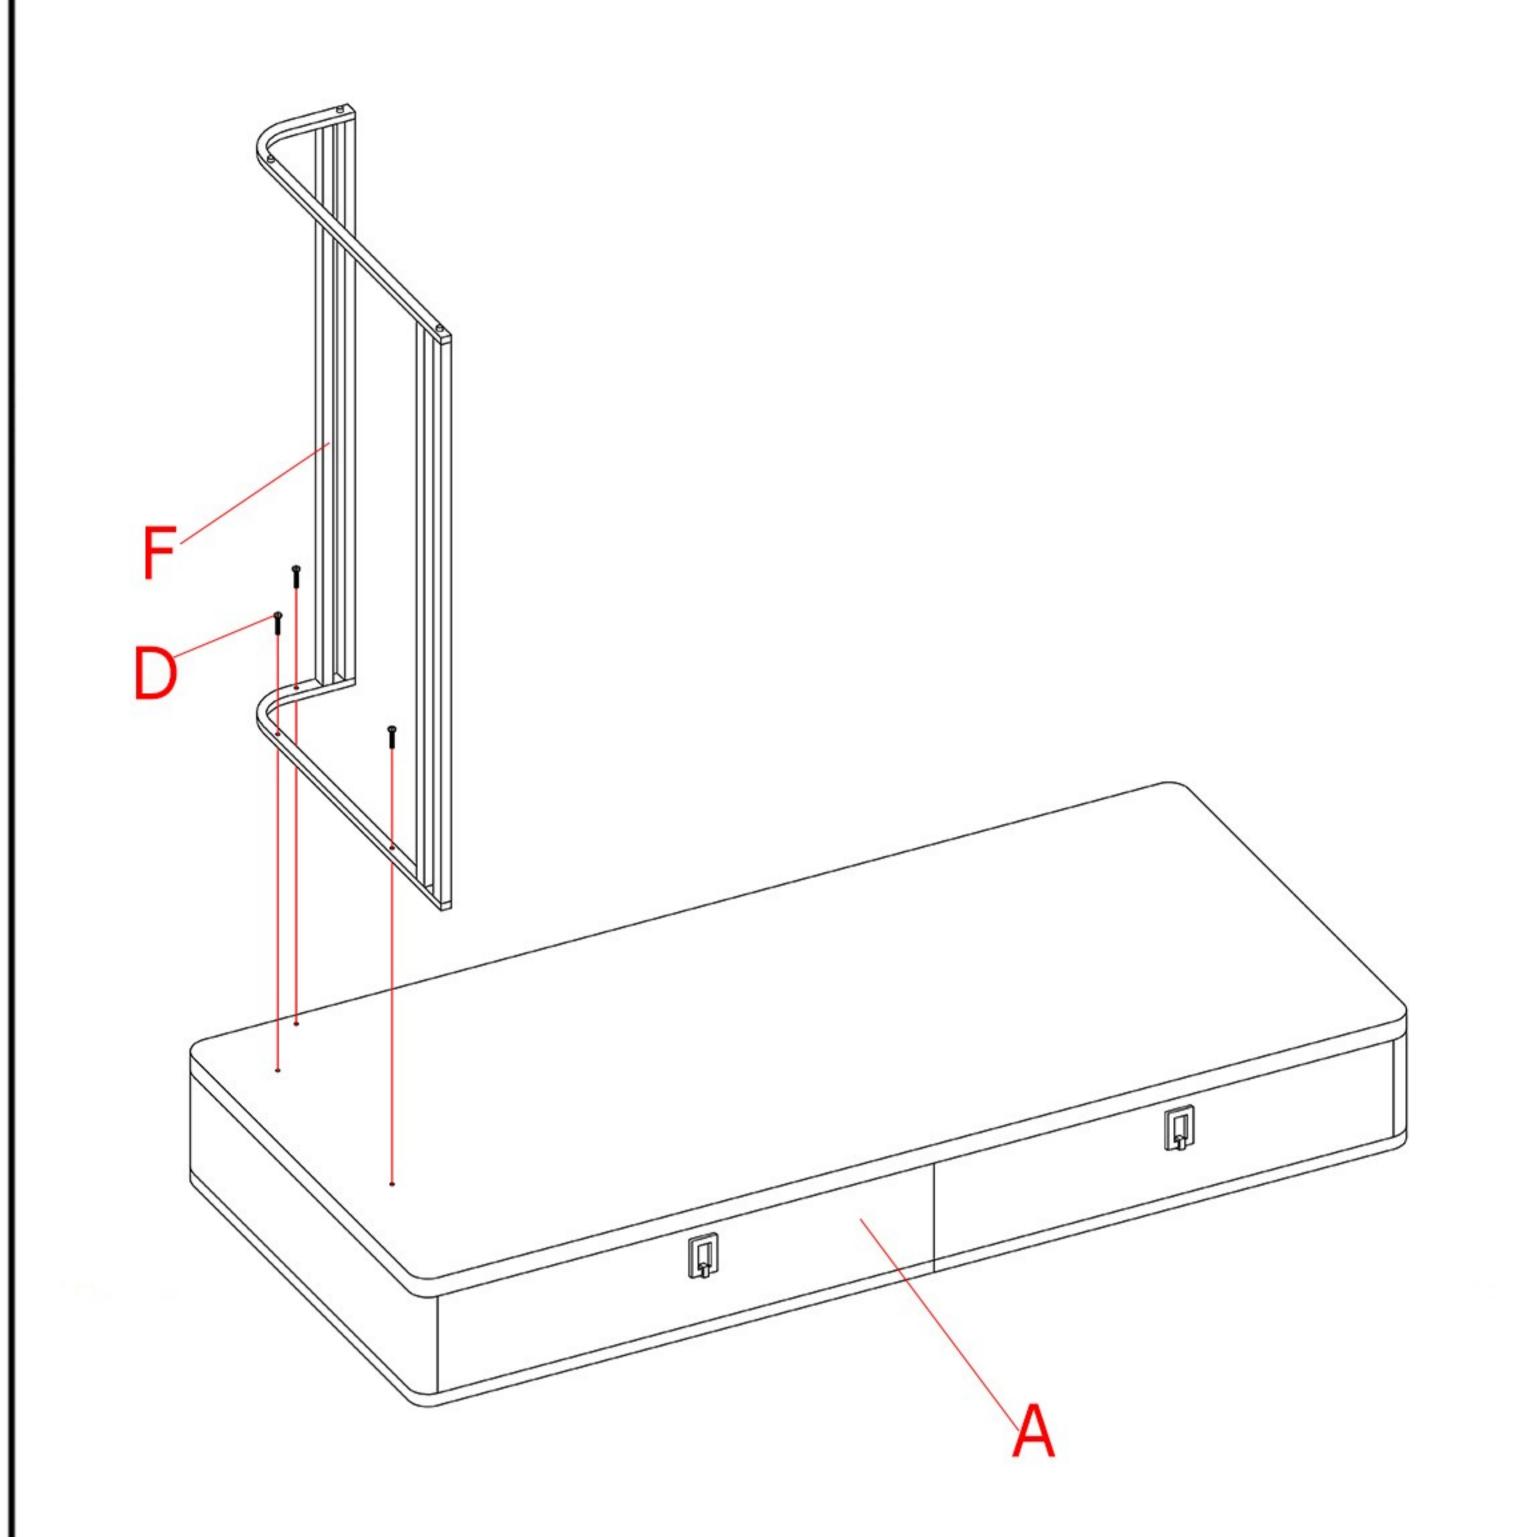

Care and Cleaning

- 1. To protect the finish, avoid use chemicals and household cleaners.
- 2. All hot serving dishes should be placed on a pad.
- 3. Any liquid spilled onto the top should be cleaned up immediately with a damp cloth.

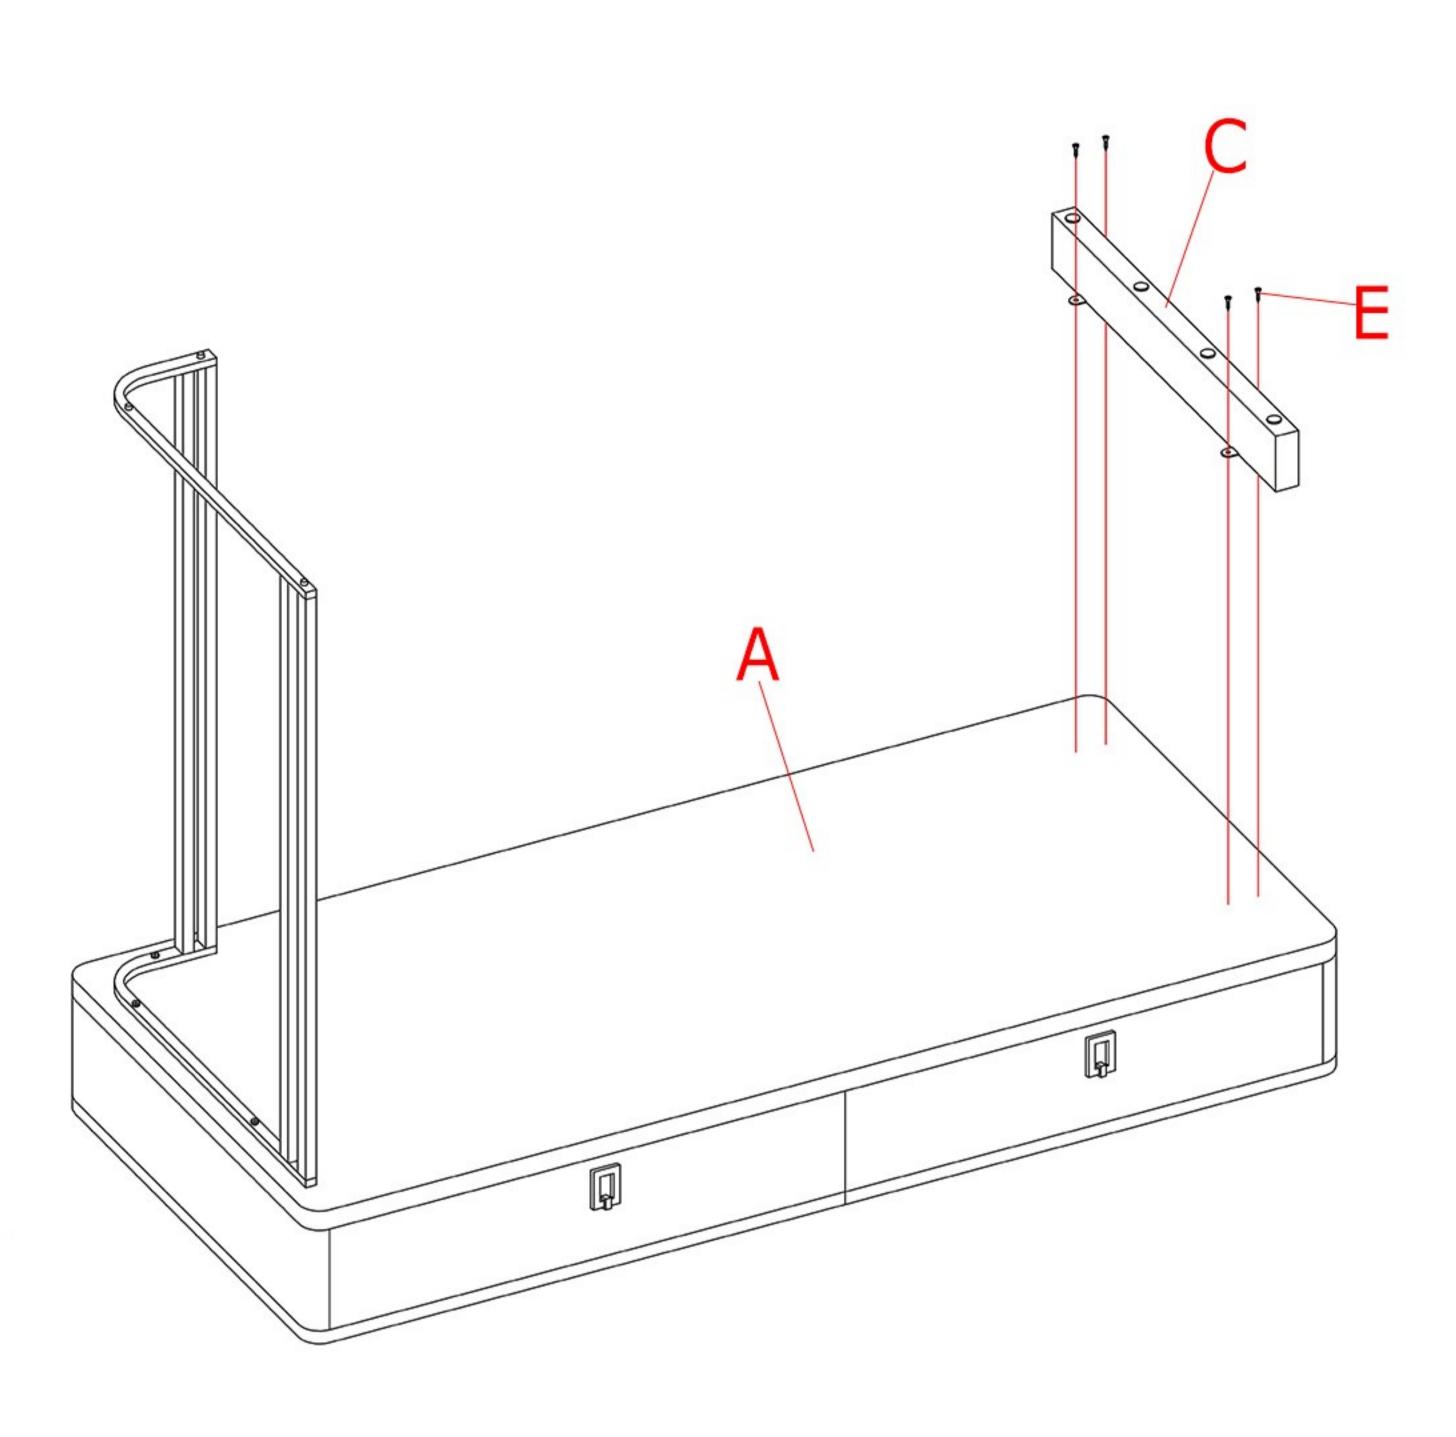

Note: Do not fully tighten all bolts until all parts are in place. Failure to follow these instructions may cause the bolt to misalign during assembly.

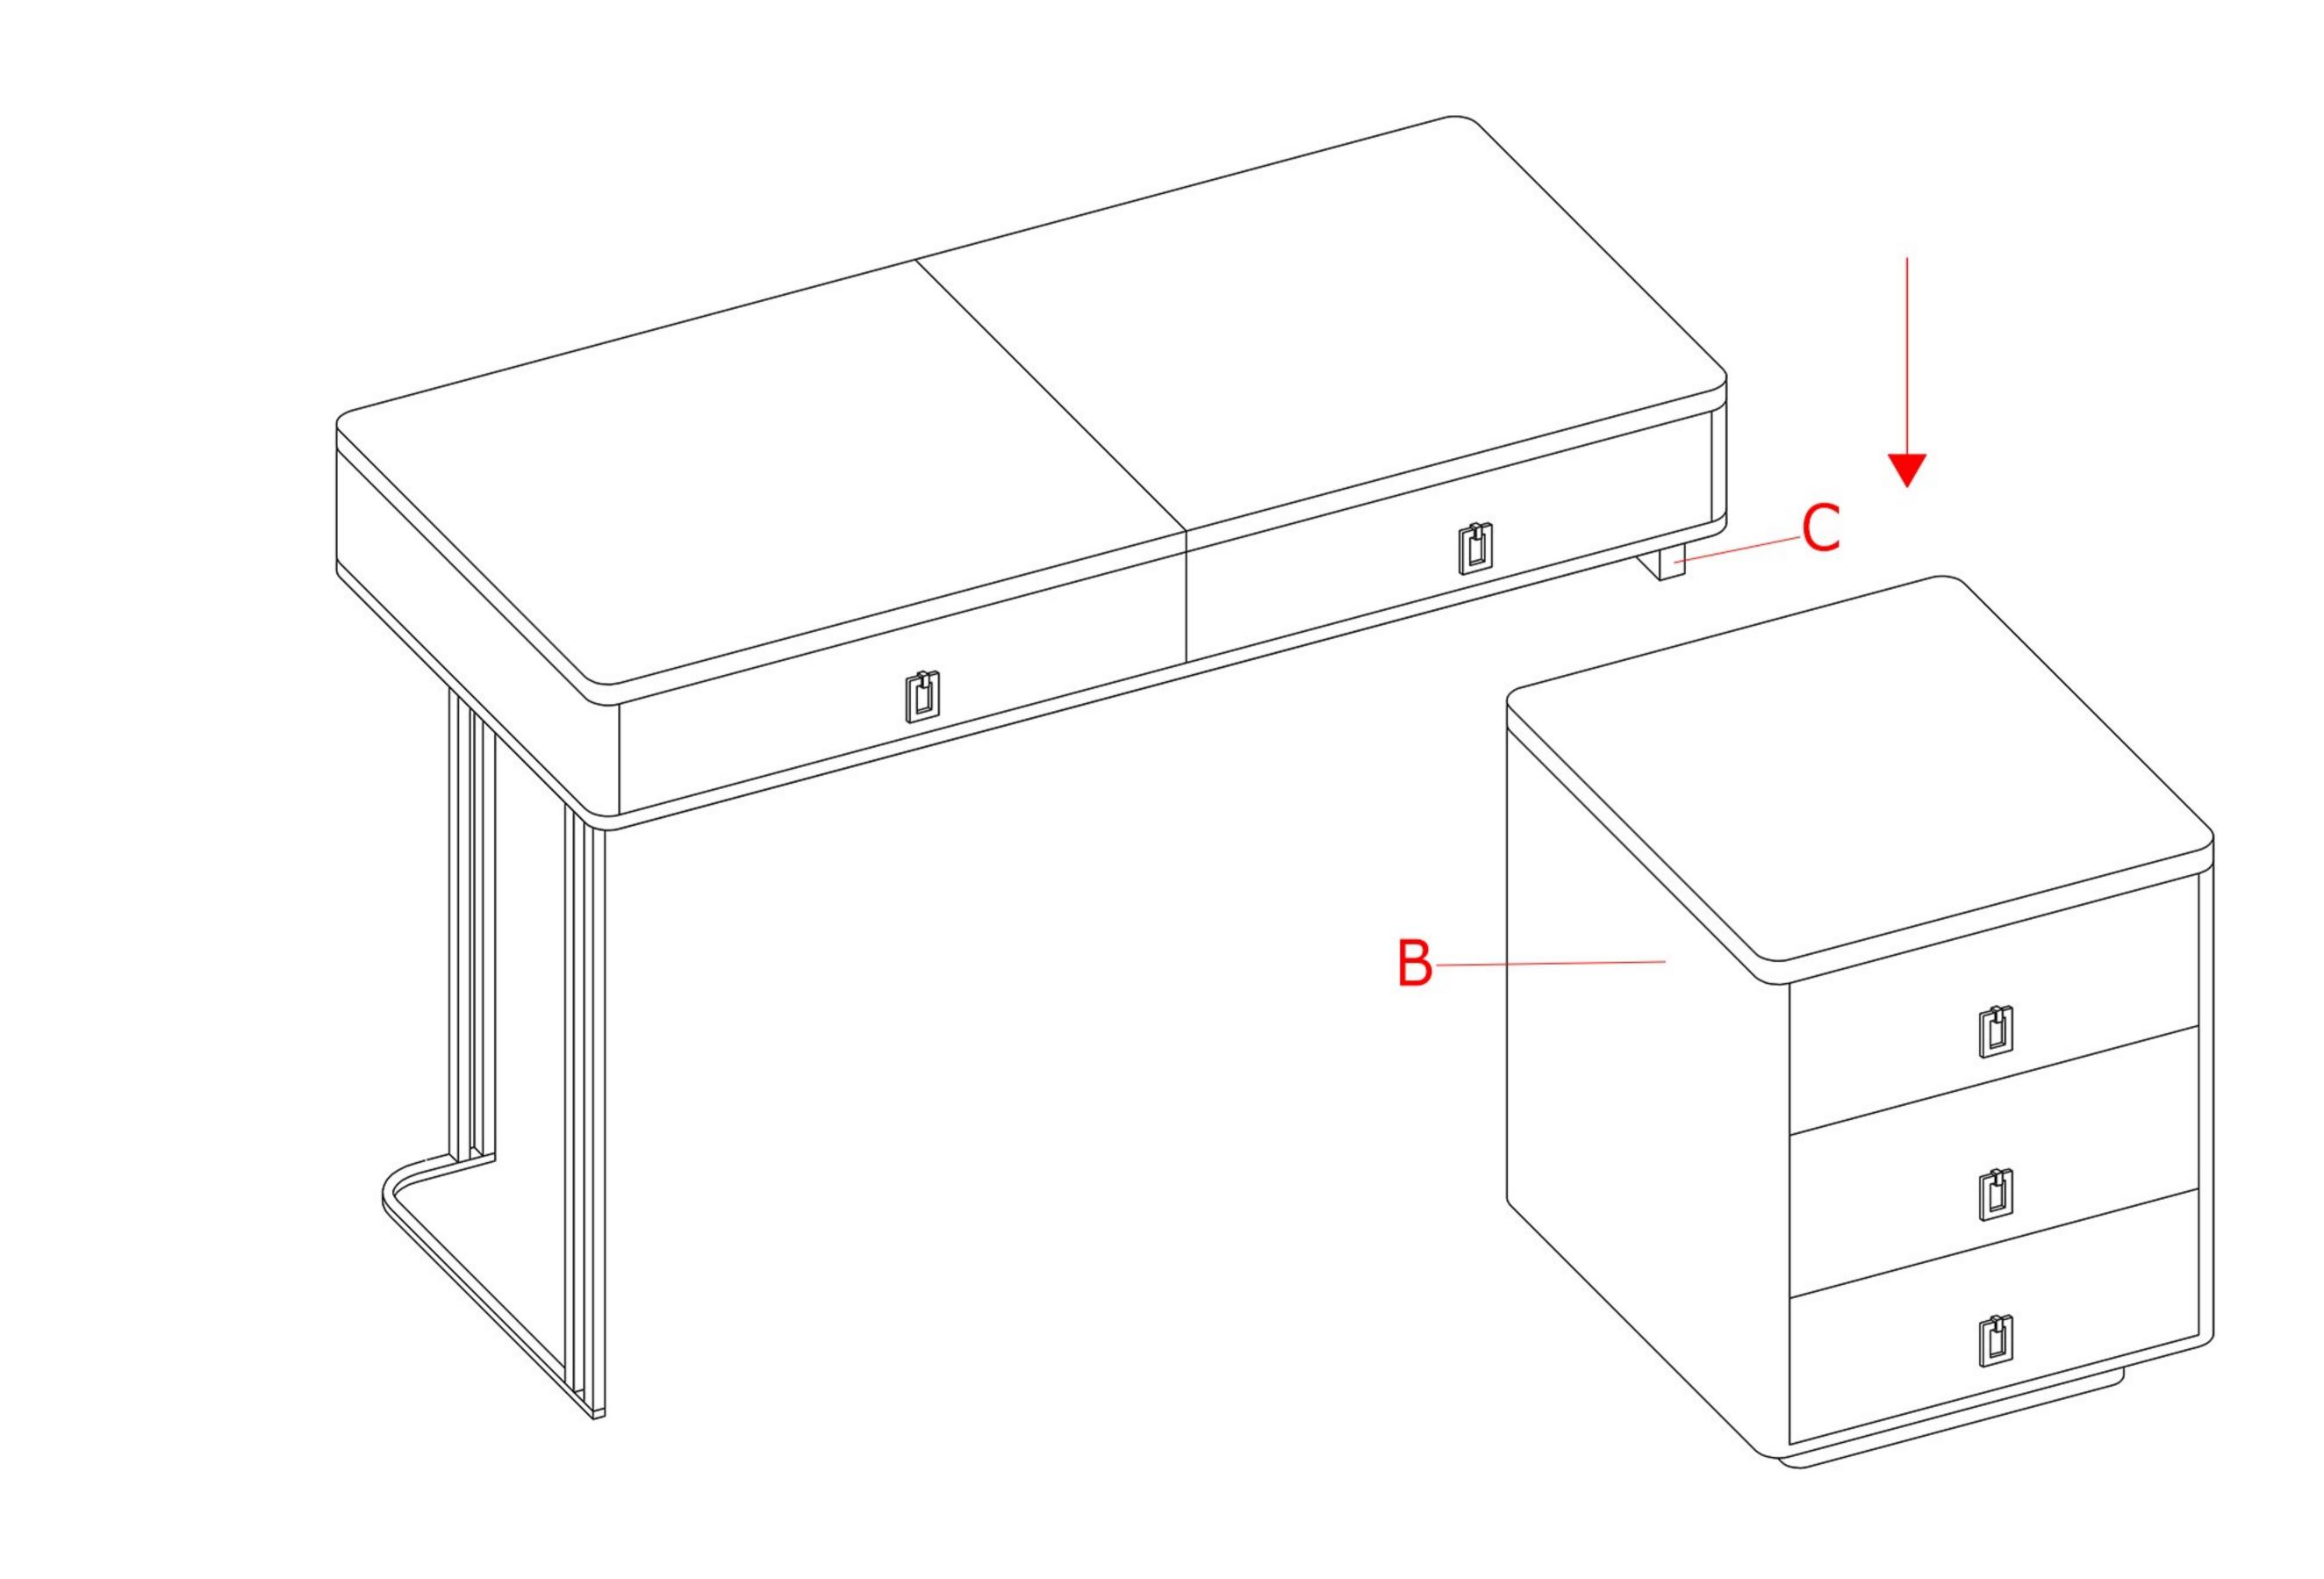

Installation Guide

1. Put the upper table (A) upside down on clean floor cushioned by soft clothing. Align the metal frame (F) to the table hole by hole and then fix the frame to the table by driving screws (D) with a percussion drill(not included).

Align the metal base (C) to the upper table
 (A) hole by hole and then fix the base to
 the table by tightening self-tapping screws
 (E) with a screw driver(not included). Tear
 off the white covers from the black pads
 sticked to the metal base.

3. Stand the finished part and place the metal base (C) onto the side table (B).
